Annual Percentage Rate for Purchases	18%
Grace Period for Repayment of Balances for Purchases	No finance charge will be imposed for a month if you pay your entire outstanding balance at the end of the month by the 17 th day of the following month.
Method for Computing the Balance for Purchases	We figure the finance charge on your account by applying the periodic rate to the average daily balance of your account. We get the "adjusted balance" by taking the balance at the beginning of the month and subtracting unpaid finance charges and payment and credits received during the month (except that we do not subtract credits attributable to purchases charged to your account during the month).
Minimum Finance Charge	There is a minimum finance charge of 50¢ for any month in which a finance charge is imposed.

1. You may buy goods and services from us on credit only up to the credit limit that we have established for you, except that grain purchases cannot be made on credit. We may stop further credit purchases if you are delinquent in paying your credit balance. We may impose conditions on credit extensions, such as personal guarantees and collateral requirements.
2. We will send you a statement showing the balance that you owe as of the end of each month. You agree to pay the entire balance that you owe as of the end of each month by the 17th day of the following month, and in such a case no finance charge will be imposed for the month. Payments will be applied first to finance charges. If you have not paid the entire balance that you owe within this period, then we may place you on a cash only basis.
