Annual Percentage Rate for Purchases	18%
Grace Period for Repayment of Balances for Purchases	No finance charge will be imposed for a month if you pay your entire outstanding balance at the end of the month by the 17 th day of the following month.
Method for Computing the Balance for Purchases	We figure the finance charge on your account by applying the periodic rate to the average daily balance of your account. We get the "adjusted balance" by taking the balance at the beginning of the month and subtracting unpaid finance charges and payment and credits received during the month (except that we do not subtract credits attributable to purchases charged to your account during the month).
Minimum Finance Charge	There is a minimum finance charge of 50¢ for any month in which a finance charge is imposed.
